

Cold Chain Packaging Solutions Leader

SPECIALITY COURIERS

LEAVE NOTHING TO CHANCE

Patients depend on you to work against the clock in difficult conditions to flawlessly deliver blood stem cells, blood products and skin samples to their bedside. Peli BioThermal's temperature controlled packaging solutions provide the longest temperature control duration on the market—minimizing risk as you navigate unforeseen circumstances.

The Crēdo ProMed™ carry bag, built on Golden Hour™ technology and used to transport temperature-sensitive medical materials, is available in three easy-to-carry sizes. TIC™ coolants filled with phase change material and vacuum insulated panels (VIP) keep medical materials at the required temperature for up to 72 hours, ensuring temperature stability throughout your journey.

Sustainability

Rent. Reuse. Recycle. We're on a journey to protect our environment and our planet one package at a time.

Innovation

Our team thrives in the area between problem and solutions to develop cold chain packaging innovation.

Reliability

Our customers trust us with their most valuable, health-giving and life-saving products.

PELI
BIO THERMAL™

Thermal packaging technologies on a global scale

Peli BioThermal's innovative single-use and reusable thermal packaging products are used by leading global life science industry companies and organizations in pharmaceuticals, biotech, laboratory, diagnostics, and military/government sectors to protect and safely transport their most critical temperature-sensitive tissues, biologics, diagnostic devices and vaccines. We offer the most diverse and trusted selection of cold chain packaging solutions, worldwide manufacturing and service centers staffed by cold chain engineering experts and provide an easy-to-use, web-based asset management service that allows organizations to track individual shipments from start to finish while setting up automated reminders for key logistics processes.

PERFORMANCE YOU CAN DEPEND ON

All Peli BioThermal products are qualified against the highest standards, including the ISTA 7D standard.
